President's Letter

Hello Ladies,

As I look out my window and see a few butterflies, I am reminded of the "butterfly effect". The theory is that the world is so interconnected that the power of a butterfly's wings flapping could cause a typhoon. In other words, small actions can have a great impact.

That is the power you have as a member of Pi Chapter. I hope you realize how very special you are, and the difference you make in the lives of the children in Potter and Tioga Counties. We have gifted \$1775 to support various classroom projects and to support student teachers. We have provided children's books to various locations within our 2 counties. Three first year teachers in Potter County received gift cards and words of support as they embark on their educator journey. These actions will have an impact far beyond today.

Thank you for your participation in our chapter and our projects. I look forward to working with you as we continue to make an impact with our small actions.

Fondly,
K

DKG gives us the opportunities to get to know people that we might not have the privilege to know otherwise. When you are out and about this summer, share your DKG journey with others and invite them to a meeting to find out more about our organization. “DKG is about relationships that are positive, kind, and caring.”
